1/09/2019 Email from Sam Morgan giving details of Councillors in TCDC re. erosion

10/09/2019 Email from Sam Babbage regarding Tauranga Security Cameras

- What is the camera looking to view? A general overview of the street area, or some specific detail?
- How far does the camera need to view (i.e. roughly how many metres)? And is there any street lighting in that area?
- Are there any buildings or poles nearby that the camera could be mounted on? Please note that local councils usually don't like private cameras mounted on their poles and they'll take them down if so.
- How do you wish to view the footage? Via your smartphone, laptop, etc remotely? Or via a static monitor in a building close by?
 - 10/09/2018 Chris Mooney Trinity Security Cameras
 - Visit from Craig Smartway Security Quote 021 801 841 to Quote
