

Cyndy Lomas

Secretary of Mercury Bay South Ratepayers Association

Dear Alan, Steven

I am writing to request the serious consideration be given to the the installation of a solar light Purangi Pontoon. The pontoon needs a solar light to illuminate the area at the jetty for boaties returning at night. A light would make a huge difference to visibility and much appreciated by boaties.

It would be good to see this set up as soon as possible especially before the heavy summer traffic

Regards

Cyndy Lomas
